1700 % Faster in Calculation ☁

Accurate in Mental Calculation ☁

Magician of Numbers ☁

☁ More Focused & Concentrate

☁ Sharper in Memorising

☁ Confident in Everything

Parent's & Kids' love

My daughter has been studying at Brainathon since last 1 year. She likes Abacus very much and never misses any classes. I can see my daughter solve the sums in few seconds. The way you are teaching is excellent. I can totally see the difference before joining the class and this time. I feel so happy that she studies with you. you really worked hard

TANU PAUL

Mother of Mayuri Paul (India)

I am totally satisfied with Brainathon. It's been six months for my daughter learning Abacus. I can totally see the difference in her. I can also see the love she is building towards Maths because of her calculation speed. Credit goes to Miss Pallavee who is a great teacher. I feel so fortunate that my daughter is in right hands.

Anubha Mathur

Mother of Meher Mathur (USA)
